# IEEE E-TEMS 2022 has 3 different presentation types of papers

## FOR PRESENTERS:

### Oral Presentation

Join the session where you are presenting by clicking on "Join live now" button and you will be redirected to the virtual room. During the session, you will be asked to switch on your camera and share your screen in order to show your slides.

Time devoted to oral presentation is limited by max 15 minutes, Q&A part will be at the end of your session, therefore, you should be present the whole session online.

How to access the oral sessions is shown below.

Check the programme, to see, where your paper is located.

### Posters & Videos

All posters and videos are available already on the portal. Everyone can check them prior to the Poster and Video Discussions.

Join the session where you are presenting by clicking on "Join live now" button and you will be redirected to the virtual room.

During the whole **Poster & Video Discussions session,** the author (representative) must be present to discuss your paper(s). At some point of time the moderators will announce your paper and ask you some questions about it

How to access the Poster & Video Discussion session is shown below.

---

## FOR ALL PARTICIPANTS:

### Oral Presentation

Join the live oral sessions and keynote speeches on the online platform by clicking the "Join live now" button (explained below). You will be redirected directly to the virtual room.

Check the programme, to see, which oral session or keynote speech to join and when.
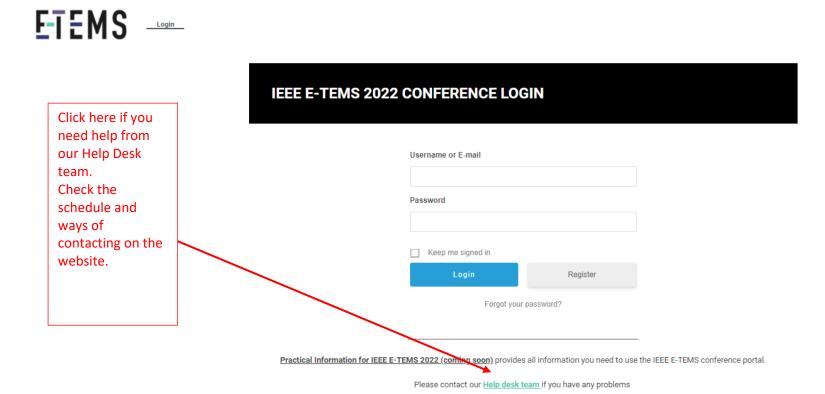

### Posters and Videos

The posters and videos of papers are available on the **online platform** of the conference already prior to the start of the conference. Take a look at them, note down questions and ask them during the Poster and Video Discussions sessions on Thursday, 10.03.2022 at 16:40 CET and Friday, 11.03.2022 at 10:30 CET by clicking the "Join live now" button (explained below).
